Age 24 · Russian citizen · Relocation to Serbia in progress · Belgrade / Novi Sad / Remote

natalia.lebedinskaya@outlook.com · natalia-lebedinskaya.github.io/portfolio · linkedin.com/in/natalia-lebedinskaya-115512422

PROFILE

QA Engineer with 2+ years of hands-on experience across banking, fintech and AI products. Strong in manual testing, API/backend flows, SQL/PostgreSQL validation, test design, defect investigation and release checks. Understands financial processes from customer issues through data validation and release readiness.

Available to start remotely now and relocate to Serbia once current documentation is completed. Belgrade or Novi Sad for office/hybrid roles; any Serbian city for full remote. Salary expectation: from USD 1,200 per month.

CORE SKILLS

Manual · Functional · Regression · Smoke · Integration · Exploratory · Mobile testing · Test design · Test cases · Checklists · Bug reports · REST API · Postman · Swagger/OpenAPI · SQL · PostgreSQL · DBeaver · Jira · Test IT · Mantis · Charles Proxy · Chrome DevTools · Kafka/Kibana working knowledge · Git/GitHub · Playwright fundamentals

EXPERIENCE

Software Testing Specialist | VTB Bank | Jun 2025 — Present

- Tests an internal client-data migration service and maintains functional and regression coverage.
- Validates data integrity and consistency in PostgreSQL with SQL; investigates mismatches across UI/API/backend behavior.
- Maintains test cases, checklists and defect reports; verifies fixes and supports release decisions.

QA Engineer | RNKB Bank | Jul 2024 — Jun 2025

- Tested terminal software and financial-operation scenarios.
- Performed functional, API and regression testing; used Postman and SQL for response and data validation.

Hotline / Client Support Specialist | RNKB Bank | Mar 2023 — Jul 2024

- Handled customer issues and financial scenarios, reproduced product problems and transferred clear context to internal teams.

Product QA · part-time | AI web/mobile products | May 2026 — Present

- Tests user and payment flows, AI generation, edge cases, API scenarios and release readiness.

EDUCATION & RECOGNITION

- Professional retraining diploma — Software Testing Engineer.
- QA Course — ANO DPO “Yandex Educational Technologies”, 18 Apr 2024.
- VTB NFC Award for Outstanding Contribution to Key Business Results, H1 2025.
- VTB NFC Award for Excellence in Team Collaboration, 2025.

LANGUAGES & WORK FORMAT

Russian and Ukrainian — native. English — A1 and actively improving. Russian-speaking daily communication is preferred during onboarding. Seeks official employment, relocation support and preferably company-provided equipment.
